

Matrix enables you to have clear, direct, and accurate 1 on 1 meetings.

How do I prepare for my meeting?

Matrix provides you with all of the information necessary, for a successful 1 on 1 meeting with your salespeople. The majority of this information is available on the *AE Scorecard* page.

Specifically, your "go to" area of the *AE Scorecard* page is the *Sales Outlook* pod, located at the top of the screen. It is a good place to see your salesperson's past, present, and future revenue.

It can help you answer some of the following questions:

- Where is your salesperson's revenue coming from?
- Where is he or she expected to finish this month/quarter?
- Is your salesperson close to meeting his or her budget this month/quarter?
- What is his or her top account this month? This quarter? This year?
- What recent activities have been completed?
- Which accounts have not been contacted in the last 90 days?

Your action: Prior to your meeting, familiarize yourself with this page. In doing so, it will allow you to have a clear, direct, and accurate conversation with your salesperson.

Best practice: If you have a laptop or tablet with internet access, bring it to your meeting.
