

WATER-OUT PUMPS

UTILITY / SUBMERSIBLE SUMP PUMPS

EASY PORTABILITY FOR SPAS, POOLS AND BASEMENTS, DRAINS TO 1/8" FROM THE SURFACE.

Electronic switch stops the pump 30 seconds after the lever drops down, to allow the water to continue to drain through bottom suction.

1/6 HP
3005065

House Hasson
SKU 20312674

- Water cooled 1/6 HP motor, 115V, 60Hz, continuous duty, with automatic thermal overload protection.
- Stops pumping water automatically.
- Will empty water down to 1/8" from surface.

PUMP CAPACITY	
HEAD	US GPH
15'	100
10'	500
5'	740

Friction loss in pipe not included

IDEAL FOR A PERMANENT SUMP INSTALLATION.

Automatic operation

Designed for a permanent installation and a maximum lift of 18' for domestic use in homes, cottages and farms.

1/3 HP
300500Z

House Hasson
SKU 20312666

- Zinc motor housing dissipates heat quickly and extends motor life.
- 1 1/2" NPT discharge, with 1 1/4" reducer.
- Oil cooled 1/3 HP motor, 115V, 60Hz, continuous duty, with thermal and overload protection.

PUMP CAPACITY	
HEAD	US GPH
18'	1450
15'	2000
10'	2500
5'	3000

Friction loss in pipe not included

SUBMERSIBLE SUMP PUMPS

RUGGED CASTING FOR STRENGTH. IDEAL FOR FREQUENT DRAINAGE.

Automatic operation

Designed for a permanent installation and a maximum lift of 18' for domestic use in homes, cottages and farms.

1/3 HP
300608Z

House Hasson
SKU 20312682

- Oil cooled 1/2 HP motor, 115V, 60Hz, continuous duty, with thermal and overload protection.
- Pump body made of cast iron and thermoplastic.
- 1 1/2" NPT discharge, with 1 1/4" reducer.

PUMP CAPACITY	
HEAD	US GPH
18'	225
15'	925
10'	2025
5'	3050

Friction loss in pipe not included

IDEAL TO TRANSFER HIGH VOLUME AT HIGHER HEAD.

Automatic operation

Designed for a permanent installation and a maximum lift of 22' for domestic use in homes, cottages and farms.

1/2 HP
300710Z

House Hasson
SKU 20312690

- Oil cooled 1/2 HP motor, 115V, 60Hz, continuous duty, with thermal and overload protection.
- Thermoplastic/Zinc pump body.
- 1 1/2" NPT discharge, with 1 1/4" reducer.
- Zinc motor housing dissipates heat quickly and extends motor life.

PUMP CAPACITY	
HEAD	US GPH
22'	1000
20'	1600
15'	2300
10'	2850
5'	3200

Friction loss in pipe not included

GRINDER PUMP

NEW GRINDING TECHNOLOGY FOR SEWAGE APPLICATIONS. HANDLES 2" SOLIDS.

Automatic operation

Designed for a permanent installation and a maximum lift of 35' for a light commercial and residential sewage application.

3/4 HP
400700P

House Hasson
SKU 20312708

- Heavy duty water cooled continuous duty motor, 115V, with thermal and overload protection.
- Can handle feminine hygiene products, etc.
- 2" NPT discharge. Automatic adjustable vertical float switch
- 2-step process grinds sewage then propels it out of the pump.

PUMP CAPACITY	
HEAD	US GPH
35'	500
30'	1100
20'	1635
10'	1875

Friction loss in pipe not included

STAINLESS STEEL PUMP / TANK SYSTEM

DRINK CLEANER WATER. PREVENT RUST CONTAMINATION.

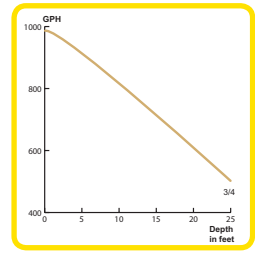

High quality stainless steel jet pump. For a maximum vertical lift of 25 feet.

3/4 HP
50651855

House Hasson
SKU 20309910

- Totally enclosed fan cooled motor 115/230V 60 Hz, bearing to bearing, with thermal and overload protection.
- Built-in ejector.
- Easy to prime.

PRE-ASSEMBLED FOR EASY INSTALLATION. IDEAL FOR COTTAGES.

All stainless steel state of the art pump system. Drink rust free clear water. Easy to prime and to install. Priced as low as cast iron jet pump systems.

3/4 HP
50654755

House Hasson
SKU 20309944

- Complete water system with stainless steel pressure air tank.
- C/W equivalent 7 US gallon tank.
- Bladder style pressure tank eliminates waterlogging.
- No water-air contact, rust free operation.
- No water-tank contact.

* For capacities, refer to model 50651855

STAINLESS STEEL / DUAL APPLICATION JET PUMPS

PRE-ASSEMBLED FOR EASY INSTALLATION. IDEAL FOR COTTAGES.

All stainless steel state of the art pump system. Drink rust free clear water. Easy to prime and to install. Priced as low as cast iron jet pump systems.

3/4 HP
50653855

House Hasson
SKU 20309951

- Complete water system with stainless steel pressure tank.
- C/W equivalent 16 US gallon tank.
- Bladder style pressure tank eliminates waterlogging.
- No water-air contact, rust free operation.
- No water-tank contact.

* For capacities, refer to model 50651855

TANKLESS ELECTRONIC JET PUMP SYSTEM AND/OR MUNICIPAL WATER SUPPLY PRESSURE BOOSTER.

With automatic Fluomac for dual application. For a maximum vertical lift of 25 feet.

3/4 HP
50653255

House Hasson
SKU 20309928

- Fully electronic.
- Delivers full flow and pressure.
- No need for a tank or a pressure switch.
- Ideal as a pressure booster or a conventional shallow well jet pump.
- Totally enclosed fan cooled motor 115V, 60Hz, bearing to bearing, with thermal and overload protection.

* For capacities, refer to model 50651855

CONVERTIBLE JET / HEAVY DUTY CAST IRON SPRINKLER PUMPS

CONVERTIBLE PUMP. FOR SHALLOW OR DEEP WELL APPLICATION. RUGGED CASTING FOR STRENGTH.

Shallow Well maximum vertical lift of 25 feet. Deep Well maximum vertical lift of 80 feet.

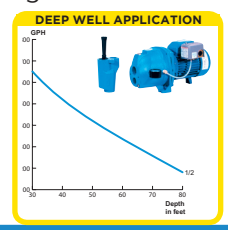

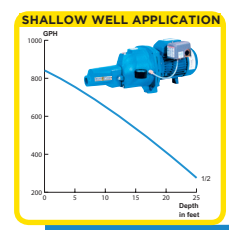

1/2 HP
506321

House Hasson
SKU 20309902

Maximum pressure: 65 PSI

- Totally enclosed fan cooled motor 115/230V 60Hz, bearing to bearing, with thermal and overload protection.
- External ejector included.
- Recommended for homes, cottages and farms.

HEAVY DUTY CAST IRON SPRINKLER PUMP

Manual operation

Designed for continuous duty.

2.0 HP
700508Z

House Hasson
SKU 20309936

- Can handle up to 25 sprinklers.
- 70 GPM pumping capacity.
- Totally enclosed fan cooled 230V motor, with thermal and overload protection.

PUMP CAPACITY	
HEAD	US GPM
20'	3300
15'	3600
10'	3900
5'	4200

Friction loss in pipe not included

WATER-IN PUMPS

SHALLOW WELL JET PUMPS

Lift water up to 25 feet from pumping level.

DUAL APPLICATION JET PUMP

Dual Application Pressure Booster and Tankless Jet Pump System.

CONVERTIBLE JET PUMP

Lift water up to 80 feet from pumping level.

SPRINKLER PUMP

Lift water up to 20 feet and handles up to 25 sprinklers.
